A Call To Action

Sunday, April 13th

- Demand that China, as host of the 2008 Olympics, stop supplying economic, military and political support to the brutal Sudanese regime that is systematically murdering its own people in Darfur
- Call on your member of Congress and the international community to demand the immediate deployment of the UN Peacekeeping Force to stop the Genocide.
- Organize a local fundraising & advocacy event in your school, community or house of worship. Bring in a speaker, write letters, plan a walkathon, or come up with another event and generate coverage in the media
